

Basacote® Tabs 6M
16-8-12 (+2MgO+5S+T.E.)

Basacote® Tabs 6M
16-8-12 (+2MgO+5S+T.E.)

NPK complex controlled release fertilizer, fully coated, cone shaped for easy and exact dosification.

For nurseries and ornamentals.

Technical data:

Macronutrients:

- 16 % nitrogen (N)
 - 7.4 % NO₃ nitrogen
 - 8.6 % NH₄ nitrogen
- 8 % phosphate (P₂O₅)
soluble in neutral ammonium citrate
5.6 % water soluble
- 12 % potassium oxide (K₂O)
as potassium sulphate,
water soluble
- 2 % magnesium oxide (MgO)
1.4 % water soluble
- 5 % sulphur (S),
4.0 % water soluble

Micronutrients:

- 0.02 % boron (B)
- 0.05% copper (Cu)
- 0.4 % iron (Fe), of which
 - 0.15 % chelated with EDTA
- 0.06% manganese (Mn)
- 0.015% molybdenum (Mo)
- 0.02 % zinc (Zn)

Physical properties:

Granular solid fertilizer,
surface-treated,
100% polymer-coated,
in cone form

Colour:

Green

Size:

Approx. 7.5 g each

Controlled nutrient release:

The nutrients are released out of the coated granules via diffusion influenced by moisture and temperature.

The product lasts 5 – 6 months under temperate conditions.

Basacote® Tabs 6M
16-8-12 (+2MgO+5S+T.E.)

Recommendations for use:

Basacote Tabs 6M contain all nutrients required for healthy growth of plants. As a result, additional fertilizer applications are not necessary. Application into substrate is recommended directly before use (maximum storage time 10 days). Distribute the cones evenly when potting; press the Tabs ca. 3 cm into the substrate when topdressing.

Suggested application rates:

| Rate in Tabs/pot | Volume in l | | | |
|-------------------------|-------------|---|---|---|
| | 2 | 3 | 4 | 5 |
| Container nursery stock | 1 | 2 | 3 | 3 |
| Potplants | 1 | 2 | 2 | 3 |
| Planting containers | - | 2 | 2 | 4 |

The rates are based on potting media not containing added fertilizers and mature plants. One has to account for nutrients in readymade potting media or soils. Half of the above rates are suggested for young plants.

For more detailed instructions contact your local Basacote Tabs agent.

Store Basacote Tabs in a dry location protected from frost, heat and direct sunlight in the bucket, tightly sealed.

Notice to buyer:

Careful tests have proven that the product is suitable for the recommended purposes when used in accordance with our instructions. However, since storage and use are beyond our control and we are unable to foresee all circumstances arising therefrom, we are only liable for a consistent quality of the product, but the risk of its storage and use is not borne by us.
