

Wet and dry vacuum cleaners

NT 361 Eco

Overview

Small, handy wet and dry vacuum cleaner with patented Power Filter Clean System and integrated power supply and automatic switch to stand-by-mode with electronic on-/off-switch for electric tool connection.

Order no. 1.184-101.0

Standard accessories

Eco filter system, NT all-purpose floor tool (300 mm), Crevice tool, 2 x 0.5 m metal tubes, 2.5 m suction hose with module and bend, Caster with brake, Flat pleated filter (dust class M), Paper filter bag (dust class M),

Technical data

Air flow rate l/s	57
Vacuum mbar/KPa	235/23.5
Container capacity l	35
Max. power rating W	1380
Standard inside dia. mm	35
Power cable m	7.5
Operating noise dB/A	63
Weight kg	9.5
Dimensions (L x W x H) mm	505 x 370 x 540

Description

The NT 361 eco wet and dry vacuum is a particularly user-friendly unit which is ideal for universal applications, e.g. in the trades, contract cleaning and car dealers.

One very practical feature of the new vac is the flat pleated filter which offers three essential benefits:

The user can alternate between wet and dry pickup without any interruption because the filter element is always above the fluid level.

Access to the filter is quick and simple because it is not necessary to remove the motor head first. Flat pleated filter increases useful capacity of container since it does not project downwards. Power Filter Clean System, filter cleaning via remote control ensures constant suction power.

The electronic level monitor automatically switches the fan motor off when the maximum fluid level is reached. Unit has two large diameter wheels at the rear and two castors at the front for high

Wet and dry vacuum cleaners

NT 361 Eco

▶ ...

stability and manoeuvrability; it is also light enough (7.5 kg) to be carried without difficulty. A large On-/Off-switch as well as holders for storing the cable and accessories on the unit offer additional user convenience.

Application

Universal applications in all the crafts and trades,
e.g. work-working industry,
joiner's workshop, carpentry,
window and door factory,
contract cleaners and parquet layer

Features & Benefits

Bypass suction fan installed in sound-proofing hood(64 dB (A))

- High suction power, trouble-free wet and dry pickup, low operating noise.

Easily removed fan motor head with integrated on-/ off-switch, power cable holder and baffle plate

- Waste container easily accessible, optimum protection for paper filter bag, convenient handling and operation

ECO flat pleated filter tested according to the dust class M

- Large filter area (0.55 m²) with the six benefits of the ECO-flat pleated filter

PFC (patent) Power Filter Clean

- Minimum filter wear, filter cleaning is done by remote control and ensures continuous high suction power

Electronic liquid level monitoring during wet pickup

- Fan switches off automatically when maximum liquid level is reached.

Accessory for specific target groups

- Versatile applicable

All the accessories can be stored on the unit.

Paper filter bags (two-ply)

Reinforced outer ply, cement dust etc., NT 351 ECO, dust class M
Order no. 6.906-102.0

Paper filter bags (two-ply)

Paper, BIA- (U,S,G,C) approved, dust class M, NT 351 ECO
Order no. 6.904-175.0

Paper filter bags (two-ply)

Paper BIA (U,S, G, C) approved, dust class M
Order no. 6.906-101.0

Düsenset

Set of wet and dry vav tools

Crevice tool, upholstery tool, round brush
Order no. 2.860-116.0

Filter T/NT

Paper filter bag (double ply)

Reinforced outer ply, for cement dust, etc.
Order no. 6.904-259.0

Paper filter bags (two-ply)

BIA-approved (U, S, G, C), approved, dust class M, bulk user pack
Order no. 6.904-224.0

Flat Filter (dust class H)

Synthetic/paper, HEPA dust class H
Order no. 6.904-242.0

Wet and dry vacuum cleaners

NT 361 Eco

Flat pleated filter (PES)

PES fleece, rot-proof, BIA-C approved, dust class M
Order no. 6.904-190.0

Paper filter bags (two-ply)

BIA-approved (U, S, G, C), approved, dust class M
Order no. 6.904-210.0

Flat pleated filter

BIA-C approved/dust class M
Order no. 6.904-206.0

Diaphragm filter/fabric filter

polyester needled felt
Order no. 6.904-212.0

Coarse filter for wet pickup

Metal
Order no. 6.904-287.0

Special wet and dry filter bags

Approved for dust class L, general cleaning, wet and dry, tear resistant, also for boiler cleaning (NT 351 ECO...)
Order no. 6.904-171.0
