

# GS 220 Li-Ion BATTERY-POWERED CHAINSAW.

## POWER. PRECISION. SAFETY.

### Benefits of the battery-powered chainsaw

#### [ always ready ]

No more need to buy petrol or prepare two-stroke mixtures.

#### [ for your garden ]

Ideal for cutting small size limbs, pruning and tidying bushes and brambles.

#### [ quiet ]

Use it whenever you want, without disturbing your neighbours.

#### [ simple ]

Extremely easy to use, no cables for unlimited movements.

#### [ comfortable ]

Low vibration and soft handle.

#### [ ecological ]

Zero emissions for total environmental respect.

#### [ economical ]

Minimum maintenance needs.

**1** Battery position designed for optimal balance of the tool.

**3** High performance brushless motor.

**5** SDS (Chain Tension Adjustment System) for easier chain tension adjustment and mounting of guide bar to tool.

**2** Ergonomic handle clad in soft material for less vibration transmitted to hands and less user fatigue.

**4** Oregon 12" guide bar. Automatic chain lubrication system.

**6** Chain oil reservoir with semi-transparent indicator so you can check the oil level at a glance.

#### Technical data

Compatible batteries	Charging time	Motor type
BA 2.6 Ah/BA 4 Ah	90 min	Brushless
No load motor speed	Chain (pitch x gauge)	Bar length
4600 rpm	3/8" x .050"	30 cm/12"
Chain speed	Number of cuts with fully-charged battery	Oiler
8 m/s	90 cuts (10 cm diameter, soft wood)	automatic/zero oil flow with motor stopped
Oil reservoir capacity	Weight without battery with bar and chain	
0.10 l	4.5 kg
